We are looking for the next generation of high-performing, multi-lingual, post-graduates to take our company forward. Trademark's Global Management Trainee Program is a fast learn program with real responsibilities from day one.

Trademark Textiles A/S

Trademark Textiles A/S produces, designs and sells fashion apparel and accessories to well-known fashion companies in Europe. We have factories in the Far East and offices with our own staff there. We have 45 colleagues in Denmark and 25 in the Far East.

In Trademark Textiles A/S you will come to work in an international company with a modern mindset and dedicated colleagues from more than 10 countries globally. We have an ambitious and informal working environment, structured introduction program, and good working conditions.

The Program

Trademark's Global Management Trainee Program is a two-year program, where you will be involved in a range of international projects and from day one be interacting with our employees and business colleagues in China, Bangladesh and Turkey. The program is fast paced and challenging, but we'll closely coach and mentor you.

The program is split into two main stages:

- 6 months in Denmark learning the basic fields of the trade via hands-on work and travelling frequently with colleagues to our offices and factories in China, Bangladesh and Turkey.
- 2 months stay in China
- 4 months in Denmark working as product developer with extensive travels and visits to customers offices and shops

During the entire program you will receive intensive internal training and you will have access to even more detailed and extensive online e-learning modules to further increase your knowledge.

What do we offer

After completing the first-year program, your tasks in year two will slide into a permanent position at our conveniently located main office in Denmark. Whether the program takes you in a direction towards customers or supply chain, the global focus and work will continue with you mixing between being a global traveler and working out of our offices in Denmark, Bangladesh and China.

After an additional year we will invite you to attend a Leadership development program – a comprehensive learning journey at either Mannaz in Copenhagen or IMD business school in Lausanne, Switzerland.

Also, in the third year you will be invited to participate in our hands-on and impactful social project improving the life and education of kids at orphanages in Bangladesh.
